#### **Club Future:**

- To encourage development of trainers to restart the training program, it was suggested that the club reimburse costs if officers wish to obtain training credentials. (No follow-up or decision.)
- Mark McLauchlin described the action shooting groups (ISA, IDPA, USPSA) and noted that there are now more action pistol shooting opportunities in the local area. He sees Club action pistol shoots as sort of pointless.
- **Term limits for officers:** There is no Rec Center rule regarding term limits. We can write them out of our constitution if we wish. We could also change to quarterly Club meetings. *Decision:* The Board to prepare a revision to the Constitution to remove the term limits and change to quarterly meetings.

#### **What do people want:**

We asked the members present what they wanted in the club. Some of the wishes suggested (all the secretary could capture) were:

- Precision and long range shooting
- Group activities
- Speakers at the meetings (the problem of getting speakers when the turnout is low was mentioned)
- Social media presence. Damon and Hobey agreed to look at establishing a Facebook page.

#### **Pizza:**

Pizza was enjoyed by all except one attendee (she's gluten-free).

The meeting was adjourned about 6:30 PM.

Respectfully submitted  
Fred Crary, Secretary
