Items discussed:

- Officers for 2023
Hobey proposed that we stick with the same officers. Those present indicated they were willing to serve.
- Membership processing
Hobey promised 2023 membership forms for uploading. Online processing to follow.
- Bills for the coming year
We tried to recall the recurring bills we need to cover: web hosting, CMP, NRA, perhaps others. Hobey/Jerry to look at the sharepoint to see the history. [After the meeting, Fred found that the web hosting is paid through February 2024.]
- Future meetings/events
Discussed venues for future meetings. West Coast Armory North's classroom might still be available on Thursday evenings as we don't think the ladies shooting group uses it. Hobey suggested we start something like a bullseye shooting league.

- Multi-state CCW class
Jerry took the multi-state CCW class that notified members of last summer. (Old School Gun School) He found it very worthwhile and Boeing covered the cost except for ammo and transportation to the class. He particularly noted that the talk by the lawyer gives a different perspective. "Well worth the time"

Respectfully submitted,
Fred Crary, Secretary
